SHORT BIOGRAPHY

At a very young age Stanley Kolk (1971) got enchanted by film. Reading about films, he discovered the magic of filmmaking in the editing room. So, this was where he wanted to be.

In his youth he devoured many films and during high school he often got clearance because his teachers could see that he learned more in the cinema than in their classes. He graduated High School AP in 1991 and followed his way to the Dutch Film and Television Academy where in 1996 he graduated in film editing. Since then he has earned his marks in the film business with national and international work.

Besides being a much sought after editor in the Netherlands, Stanley is a regular editing coach to students of the Dutch Film and Television Academy and he got invited to join the board of the Dutch association of Cinema Editors (NCE) in 2011. Since 2014 he's a member of the Dutch Academy For Film (DAFF) where he's entitled to vote for the Golden Calf competition. In 2015 Stanley was a member of the Oscar Commission for Dutch entries.

Early 2016 Stanley had the opportunity to direct a feature film, THE RETURN OF THE HONEY BUZZARD (De terugkeer van de Wespandief) which will premier on Dutch National Television, May 2017.
